Xatśúll First Nation Celebrating Culture, Community and Connection at the Heritage Site

By Dina Stephenson
XFN Communications Coordinator

The Xatśúll Heritage Site was filled with learning, laughter, traditional practices, and community connection during our recent Fish Camp, held August 5–6, and Bringing Our Children Home gathering, held August 7–8.

Fish Camp was a wonderful

opportunity to come together on the land and reconnect with traditional ways of gathering, preparing and preserving food.

Over the two days, community members spent time dipnetting and processing salmon, learning and sharing traditional skills, and working together to prepare fish for smoking in our new smokehouse. A deer

was also harvested, providing an opportunity to share knowledge about processing and traditional food practices.

Other activities included ribbon skirt making and creating leather from fish skins. These hands-on activities brought traditional knowledge, creativity and community together in a meaningful way.

The **Bringing Our Children Home** gathering continued this spirit of connection at the Heritage Site on August 7 and 8. Families and community members came together to participate in activities such as dipnet making, ribbon skirt and shirt making, animal hide and fish hide leather workshops, beading and other traditional practices.

There were activities for all ages, including a bouncy castle for the children, and one of the evenings brought everyone together to enjoy movies on the big outdoor screen.

Most importantly, these gatherings created space for our community to

spend time together on the land, share knowledge between generations, and strengthen our connection to our culture and traditions.

A Heartfelt Thank You

A very special thank you to everyone who helped make these gatherings possible.

Thank you to all the organizers, volunteers, Elders, knowledge keepers, families, staff and community members who gave their time, energy and knowledge. Thank you to everyone who helped prepare the food, set up activities, teach traditional skills, work with the fish and hides, support the children, and keep everything

running throughout the camps.

Your willingness to share your knowledge, lend a helping hand and simply be there made these events truly special.

Most of all, thank you to everyone who came out and participated. It is through coming together, sharing our knowledge and spending time on the land that we keep our culture strong and carry these teachings forward to the next generation.

Thank you for helping make the Heritage Site a place where our community can come together, learn, share and bring our children home.

10th Annual Salmon Sampling Brings Community Together at Xat'sūll Heritage Site

By Dina Stephenson
XFN Communications Coordinator

On August 18, Xat'sūll First Nation once again came together at the Xat'sūll Heritage Site for the annual Salmon Sampling Program, hosted by Trekor Gibraltar Mine.

The Salmon Sampling Program has been an important partnership since 2016, bringing together Xat'sūll First Nation, Trekor/Gibraltar Mine, and Environmental Dynamics Inc. (EDI) from Prince George. The program provides valuable information about the health and safety of salmon harvested from traditional fishing sites on the Fraser River.

During this year's event, EDI's team demonstrated the salmon sampling process and collected

samples for laboratory analysis. The program monitors metal concentrations in salmon, including methylmercury, helping ensure that our community continues to have reliable information about the safety of consuming salmon from our traditional fishing areas.

The day was about more than scientific sampling. It was also an opportunity for community members to gather at the Heritage Site, share knowledge, enjoy good food, and spend time together. Salmon and the Fraser River hold deep cultural and nutritional importance for Xat'sūll, making this annual program a meaningful connection between traditional knowledge, community participation, and environmental stewardship.

Thank You

A thank you to Trekor Gibraltar

Mine, and Environmental Dynamics Inc. for their continued partnership and commitment to this important program. We would also like to recognize our dipnetters, Darrin Sargent and Jean Sargent-Grey, for helping harvest salmon for the sampling program and for sharing their knowledge with the community.

Thank you as well to Doug Sellars, for drumming and Penny Phillips for the prayers and blessing of the food, and to remind us that caring for the salmon is not only about science, it is also about honouring our culture, our traditions, and our connection to the Fraser River.

Thank you to volunteers, and every community member who attended and helped make this year's Salmon Sampling Day a success.

Fraser River Challenge Visits Xat'sūll Heritage Village

By Dina Stephenson
XFN Communications Coordinator

From August 21–23, 2026, Xat'sūll Heritage Village welcomed the team taking part in the Fraser River Challenge, a 30-day expedition travelling approximately 1,375 kilometres from the Fraser River's headwaters near Mount Robson to the Salish Sea.

The Fraser River Challenge is a campaign focused on building awareness and support for the long-term protection of the Fraser Rivershed. Its goal is

to protect 30% of the Fraser Rivershed by 2030, recognizing the Fraser as one of British Columbia's most important rivers and a vital part of the province's environment, communities, cultures and salmon ecosystems.

The Fraser River faces growing pressures from climate change, declining salmon populations, habitat loss, industrial development, drought, flooding and changing water conditions. The expedition aims to bring attention to these challenges and encourage

communities, governments and organizations to work together to protect the river from its headwaters to the Salish Sea.

The 2026 expedition included a women-led swim relay, a 1,000-kilometre rivershed walk, and canoe and raft journeys connecting communities along the Fraser. The journey was designed not only as an endurance challenge, but as a way to connect with communities along the river and build greater public support for protecting the Fraser Rivershed.

During their stay at Xat'sūll Heritage Village, community members had an opportunity to meet the expedition team, learn about their journey and share in conversations about the Fraser River and the importance of protecting its waters, salmon and surrounding lands.

A community gathering was held on August 22, bringing people

together to learn more about the Fraser River Challenge and its vision for the future of the river.

Xat'sūll was pleased to be part of this important journey and to provide a place for the expedition team to connect with our community along their route.

We thank the Fraser River Challenge team for stopping

at Xat'sūll Heritage Village and for their efforts to bring greater awareness to the importance of protecting the Fraser Rivershed.

For more information about the Fraser River Challenge and the 2026 expedition, please visit the link shared with this article.

A Constitution for Xatsúll

By Cliff Thorstenson
XFN Governance Advisor

Gordon Keeber
XFN Treaty Manager

What is a Constitution and does Xatsúll need one?

The Merriam Webster Dictionary defines a Constitution as "the basic principles and laws of a nation, state, or social group that determine the powers and duties of the government and guarantee certain rights to the people in it"-- in other words, its "highest law".

Canada has a written Constitution shared between two documents: the Constitution Act, 1867, and the Constitution Act, 1982. All modern treaty First Nations in BC also have written Constitutions.

Constitutions are important tools for self-government. And they aren't just colonial inventions. In fact, the first Constitution in North America was probably the Great Law of Peace of the Haudenosaunee Confederacy among the Five Nations of the Mohawk, Onondaga, Oneida, Cayuga, and Seneca in about 1102 CE.

As part of the current treaty negotiations, Xatsúll and the other NStQ communities will need a Constitution- either as part of NStQ or on their own, depending on the structure

of NStQ government(s) after treaty. So, if Xatsúll agrees to a treaty it will need a Constitution including:

- the composition and selection of Xatsúll government
- Xatsúll Citizenship rules
- recognition and protection of Xatsúll Citizen rights
- the authority of the Xatsúll government to make laws and the process for doing so
- the need for community input on highly important decisions
- the process for challenging a Xatsúll law and reviewing an administrative decision
- interests in Xatsúll Treaty Settlement Lands
- standards of financial administration and accountability to Xatsúll Citizens
- conflict of interest rules for Xatsúll government members

If Xatsúll does not agree to a treaty, it will not need a Constitution, but without one, many more decisions important to the community will continue to be made or influenced by federal government laws and policies.

The Xatsúll Chief and Council and Treaty Team want to make sure that community members have a big say in what goes into a Xatsúll Constitution and

we are hoping to begin these discussions soon. We have held off so far until Xatsúll and the other NStQ communities finally decide on the post-treaty NStQ governance model (shared or autonomous). We hope this decision will be made this fall following a "Working Groups Unite" meeting of the four NStQ communities.

For further information about shared and autonomous governance models, see the short video narrated by Alicia Gilbert: https://xatsull.com/wp-content/uploads/largefiles/treaty/Xatsull_Post-Treaty_Governance.mov.

For a detailed discussion on a variety of First Nations Constitutions, see the NStQ Constitutional TRM Report 2021-22 in the Members Only Area of the Xatsúll First Nation website.

COMMUNITY TREATY MEETING

WEDNESDAY
 **SEPTEMBER 9, 2026**

 Doors open at 5:00 PM, Dinner is at 5:30 PM

 XFN Gym

Learning Through Land and Community with Moccasin Footprint Society

By Trinity Shackelly
Xat'sül First Nation Community Member

Throughout August, I had the opportunity to take part in day trips that allowed me to learn and connect to the land, waters, and our community in the Quesnel Lake area. Each trip provided me with a different perspective on the importance of protecting our lands and water, while also gaining connections and knowledge

from community members and local organizations.

One of my highlights was bringing our community members out to Caribou Island and showing them all the work that Scott, Bev, and the Moccasin Footprint Society has accomplished this summer. From the Elders cabin being built, to making the area more accessible for our community, I think it is amazing to see all that

has been done in just a month since we had our youth camp in July.

Additionally, I had the opportunity to visit QRRC and learn about what they're doing to protect the Quesnel River watershed. I learned about the environmental impacts in the watershed including the Mount Polley tailings spill, the wildfires, and how it affects our wildlife and ecosystem. Much of what

I learned at QRRC were things I may have not encountered unless I sought them out myself, which makes me thankful for the experiences shared. I believe it is important for our youth to learn about the different paths and opportunities available in land stewardship, and to understand how we can continue to honour and carry forward the

stewardship practices of our ancestors.

Overall, August was a month of learning, exploring, connecting, and gaining deeper appreciation for the land and water around me. My time spent around Caribou Island and QRRC, remind me that stewarding is more than just understanding environmental

challenges, but also learning about our own responsibility we have towards the land for our future generations. I am grateful for the learning opportunities I had this month, and I look forward to continuing to learn from our Elders and Knowledge holders.

Xat'sūll Youth Summer Program 'Wrap Up'

By Justin Code
XFN Youth and Recreation Supervisor

We've done it again! Another successful summer of full-day programming with our students. This summer, over 26 of our community children took part in program days, trips, and special events. Just wild. Abigshoutoutto our afterschool/summer program coordinator

Mikayla for her leadership and creativity in putting together so many great program days and activities for this summer season. Additionally, we are beyond grateful to all of our amazing summer student workers this year - Felicity Sellars, Arianna Harry, Kee'jic Bluesky, Tyler Tweedie-Phillips, Memphis Sellars, Raykwon

Billyboy, and, Ali Sparks-Phillips. We could not do these summer months without your care of the kiddos and all of your helpful contributions! Further, I also want to acknowledge of all the vital help of our Education department and Community Services teammates. Truly, we're such a blessed crew.

Some of the many highlights of our summer included melámen-making with Mary Harry, swimming at the public pool, our Kamloops trip to Apex Trampoline Park, medicine-picking, yoga with Ashley Hyde, horseback riding at "Into The Elements" ranch, berry-picking, games and education with Invasive Species Council of BC, bannock-making, our day trip to

Barkerville, participating in the community Acting Workshop with Kelly William, making tie-dye clothing, attending camps hosted by Community Services, making medicine bags w/ Mikayla, and attending the Back To School Celebration on September 2nd. Naturally, our program days were also full of many great games, cool recipes, fun crafts and projects, delicious

meals and more!

As we ease into the fall, we're excited to have even more fun in the afterschool program and continue to explore new activities and features. If you have any questions, concerns or feedback, please be sure to reach out to me at rtp@xatsull.com or at my office number 250-989-2355 ext 152.

September 13 is Grandparents Day !

GRANDPARENTS DAY

COMMUNITY DINNER

Join us at the Xat'sull Community Gym as we come together to celebrate and honour our grandparents and the important role they play in our families and community.

SEPTEMBER 13, 2026
4:00 PM

Enjoy a special community dinner, good food, and time together as we celebrate the wisdom, love, stories, and guidance our grandparents share with us.

Salmon Shared with Xatsúll Elders

By Dina Stephenson
XFN Communications Coordinator

Xatsúll First Nation would like to extend a heartfelt thank you to Darrin Sargent and Jean Sargent-Grey for dipnetting and catching salmon to be shared with our Elders.

A special thank you goes to Jessie Hunlin and Darrin Sargent for organizing the filleting and

vacuum-sealing of the salmon, helping ensure the fish was properly prepared and ready to be distributed to our Elders.

We would also like to recognize everyone who helped make this project possible: Marnie Sellars, Sally Sellars, Gloria William, Minnie Biin, Glen Dixon, Morgan Mueller, Devon Elliot, Tiana Billyboy-Sulin, Maxine Sellars,

Janae Beaulieu, Courtney McKone, and Andrea Gilbert.

We are grateful for everyone's time, hard work, and generosity. Coming together to provide salmon for our Elders is a meaningful way to support our community and continue the tradition of sharing and caring for one another.

CHILDREN & YOUTH WINTER CLOTHING

GIFT CARDS

Need winter wear for your child?

XFN Family Wellness is offering gift cards for registered Xatsull First Nation children and youth, from infants to 19 years old. This program is available to both 'home or away from home' community members.

Contact Sabrina at 250-989-2355 ext 143 or email familywellness@xatsull.com

To register:

Please provide your mailing address, phone number, email, and your children's full names and dates of birth.

Program runs from Sep. 1 - Nov. 6, 2026

COME AS YOU ARE SWEAT

Saturday

SEPTEMBER 26, 2026

12:00 - 5:00 PM

XFN Community Services Sweat Lodge

Full Moon Sweat:

The September Full Moon, named the Harvest Moon - the full moon closest to the autumn equinox - symbolizes abundance, gratitude, and a sacred threshold. It marks the time to reap what you have sown, celebrate life's fulfillment, and release what no longer serves you as you prepare for the darker, colder months ahead.

FOR MORE INFORMATION CONTACT:

Courtney at 250-989-2355 ext. 132

NATIONAL DAY FOR TRUTH & RECONCILIATION

September 30, 2026

10 AM – 3 PM

XAT'SULL HERITAGE VILLAGE

Xat'sull First Nation will gather at our Heritage Village to honor the National Day for Truth and Reconciliation. The day will include lunch, guest speakers, and time to come together as a community to remember, reflect, and connect.

Explore current career opportunities and become part of a team dedicated to serving our community.

POSITION	BRIEF OVERVIEW
Youth Coordinator	The Youth Coordinator develops, delivers, and evaluates youth programs that promote self-reliance, health and wellness, and life skills. The position works with Health and Education staff to incorporate the strengths and resources of other programs.
Treaty Admin/Communications Assistant	The Treaty Admin/Communication Assistant provides day-to-day administrative and communications support for treaty negotiations, governance transition, and community engagement. The position helps ensure smooth operations and timely, accurate information is shared with leadership, community members, government representatives, and partners.
Self-Governance Coordinator	The Self-Governance Coordinator supports Xat'sull First Nation's goal of self-government by developing governance structures, building community capacity, promoting culture and language, and supporting the transition from the Indian Act to a self-governing community.
Early Childhood Educator Assistant (on call)	The ECE Assistant supports the Day Care Centre by helping plan, implement, and evaluate activities, including food preparation, in keeping with the Aboriginal Head Start philosophy and meeting the needs of children and families.
Early Childhood Educator (on call)	The Early Childhood Educator (ECE) is responsible for supporting the Day Care Centre working in a team setting to collaboratively develop and deliver a play-based program.
Director of Finance and Administration	The Director of Finance & Administration provides strategic financial leadership, strengthens financial systems, and supports informed decision-making across the Nation. The position works with leadership, Chief and Council, staff, committees, funders, auditors, and partners to promote good governance, financial sustainability, and community wellbeing.
